

# Developing a research idea for AHRC or ESRC?

Get support and advice from experienced colleagues to develop your thinking about a potential grant application. Discussing your ideas at an early stage will enhance your application in a competitive funding landscape.

Our group of peers will support you to develop the foundations of your research idea, helping you shape a project that will be a good fit for the AHRC or ESRC.

Hear from our research community who will enjoy working with you to hone your ideas.

A great chance to summarise your current thinking and to receive helpful feedback

An opportunity to improve the conception, design and preparation of an emerging grant proposal.

A flexible way to discuss your thinking in ways that suit you. It could involve offering a presentation, perhaps submitting a one-page proposal or a slide pack. It's up to you.

A place to hear suggestions of who within and beyond the university who might help to strengthen your proposal.

## How to access support?

Fill in the form to start the conversation: [AHRC and ESRC: Pitch to Peers – Fill in form](#)

All we need is your name, contact and whether you are aiming for AHRC or ESRC funding.

A member of the Research Funding Development Team will then be in touch to discuss dates of upcoming meetings and how you would like to summarise your idea to the group.
